

Rockford, IL (24 Oct. 2009) Terre Haute, IN. native, Bobby Caldwell has been signed by Liberty Motorsports for the 2010 racing season. Caldwell's plans include pro series races and SCCA National events with an eye on the 2010 National Championship Runoffs to be held at Road America in Elkhart Lake, WI.

Team owner Brian Belardi commented: "We are very happy to have Bobby with us for the 2010 season. We worked well together in the couple of races he ran with us this year. He also provided some great feedback in the test we did this fall. It will be great to have someone of Bobby's caliber to share data with."

"I'm looking forward to running a full season with Liberty Motorsports in 2010. I ran a couple of races with them this year and also did a test with them this fall. I was impressed with how things ran and am looking forward to working with Brian and developing these cars.", said Caldwell.

Currently, Liberty Motorsports is assembling its driver line up for both the 2010 Pro F2000 and SCCA Club Racing seasons. We have several seats available in our pro spec Van Diemen Zetec racecars. In addition to winter testing, we will be running several SCCA National races this winter. Interested drivers should contact us about testing options and budgets for the coming racing season. Our services include; full trackside support with engineering and data analysis, driver coaching, car maintenance and preparation, complete frame up rebuilding, car transport, hospitality, driver marketing, etc. We also enjoy working with drivers who own their own car and are looking to operate in association with a top-level professional racing team.
